

# Welcome to Country Camping!

## Tubing Rules & Guidelines 2008

High temperatures, exposure to sun and lack of proper hydration can result in heat exhaustion or heat stroke. Remember to drink plenty of hydrating fluids like water, Gatorade, etc. Wear a hat and/or keep a cool wet cloth on your head or neck and keep a very close watch of those around you. Their safety is in your hands.

Country Camping is proud of its reputation of being a family place. In order to assure that this continues and to assist everyone in handling very hot days, we've adopted the following tubing rules:

- \* Each person 16 years of age or older must present a driver's license or picture ID as a deposit for tube rental.
- \* Each person under 16 years of age must be accompanied by an adult.
- \* Each person needs to print and sign their name to the waiver below and present it at registration.
- \* No credit or debit cards will be accepted for payment.
- \* We recommend life jackets for children and non-swimmers. Please bring your own.
- \* We recommend that you wear shoes on the river.
- \* Be Foot Friendly - No Glass allowed in barefoot areas.
- \* Tubes for personal items, like your cooler, are available for \$10.00 each.
- \* A \$20.00 deposit is required if you bring personal items, such as coolers or containers, on the river.  
Individual items (cans, containers, etc....) will be counted. When All items are returned, the \$20 deposit will be returned.
- \* NO GLASS OR STYROFOAM WILL BE ALLOWED ON THE RIVER-NO EXCEPTIONS.
- \* A designated driver must accompany all groups that have alcoholic beverages. This person must sign this waiver and present vehicle keys. (We'll be glad to hold everyone's vehicle keys to avoid losing them in the river.)
- \* There is a limit of 5 servings of alcohol per adult 21 years of age or older. We strongly recommend that you drink at least 5 servings of other hydrating fluids if you are consuming any alcoholic beverages on the river.

**Once you have read these rules and agree to abide by them, please park your vehicle in the north lot behind the tube shed. Tubing registration will take place in the shed on the weekends. Please be prepared to have coolers/personal items checked and counted and bring this entire sheet (completed) with your group.**

Country Camping is dedicated to providing a place for families to come out and have fun.  
Thank you for your patience and cooperation!
